## ISO 17025 FOR TESTING AND CALIBRATION LABORATORIES

Premier Quality Services Limited is pleased to present training in ISO 17025 for Testing and Calibration Laboratories.

### **COURSE OBJECTIVES**

The primary objective of the training programme is to impart knowledge of the management and technical requirements of ISO/IEC 17025 General requirements for the competence of testing and calibration laboratories.

The programme will also generate familiarity with the correct application of elements of the standard to laboratory operations, and identification of nonconformities.

It will present a basic introduction to the laboratory accreditation process.

### **COURSE CONTENT**

- ISO/IEC 17025 – Detailed study of requirements
- Introduction to the laboratory accreditation process
- Written exercises on application of the standard to laboratory operations

### **WHO SHOULD ATTEND**

Recommended for Quality Managers, Laboratory Supervisors and Technicians in understanding the requirements of the international standard, including the development, implementation and operation of Quality Management Systems.

Date: **September 10<sup>th</sup> – 11th, 2009** Time: **8:30am - 4:00pm** Cost: **\$1,700.00 (VI)**

### **THE FACILITATOR:**

**Gloria C Williams-** is an ex-manager of the Lab Accreditation Scheme at the Trinidad and Tobago Bureau of Standards with over twenty years experience as a chemist, analyzing a range of products including food, textiles and manufactured goods.

Ms Williams is a certified Quality Auditor.
