

TRINIDAD AND TOBAGO
BUREAU OF STANDARDS

Quality Policy

The Trinidad and Tobago Bureau of Standards is committed to leading the nation in the quality disciplines of Standards Development, Conformity Assessment (Inspection for compliance, Testing, Certification), Accreditation and Metrology by providing affordable products and services consistent with the requirements of the Standards Act (1997), Metrology Act (2004) and related Regulations in order to:

- *improve the quality of products and services produced or used in Trinidad and Tobago;*
- *facilitate industrial efficiency and development; and*
- *improve public and industrial welfare by promoting health and safety; and protect the environment.*

We will execute our functions by partnering with national, regional and international stakeholders.

The Bureau will continually improve its processes and systems by embracing the core values of customer care, innovation, productivity, quality and employee development.
